Transitional Housing: HUD Criteria

Demonstrate that the project will provide and/or partner with other organizations to provide eligible supportive services that are necessary to assist program participants to obtain and maintain housing.

Demonstrate that the proposed project will require program participants to take part in supportive services (e.g. case management, employment training, substance use treatment, etc) in line with 24 CFR 578.75(h) by attaching a supportive service agreement (contract, occupancy agreement, lease, or equivalent).

Demonstrate that the proposed project will provide 40 hours per week of customized services for each participant (e.g. case management, employment training, substance use treatment, etc.).

Transitional Housing: HUD Criteria

The applicant has prior experience operating transitional housing or other projects that have successfully helped homeless individuals and families exit homelessness within 24 months.

The applicant has previously operated or currently operates transitional housing or another homelessness project, or has a plan in place to ensure, that at least 50 percent of participants exit to permanent housing within 24 months and at least 50 percent of participants exit with employment income as reflected in HMIS or another data system used by the applicant.

The project will be supplemented with resources from other public or private sources, that may include mainstream health, social, and employment programs such as Medicare, Medicaid, SSI, and SNAP.

Demonstrate the average cost per household served for the project is reasonable, consistent with 2 CFR 200.404.

Supportive Services Only- Coordinated Entry: HUD Criteria

The Coordinated Entry system is easily available and reachable for all persons within the CoC's geographic area who are seeking homelessness assistance.

The system must also be accessible for persons with disabilities within the CoC's geographic area.

There is a strategy for advertising that is designed specifically to reach households experiencing homelessness with the highest needs.

There is a standardized assessment process.

The project will ensure program participants are directed to appropriate housing and services that fit their needs.
